

WEEKLY MARKET PRICE 51-2024

- *The New York cotton market experienced a decline over the past week, with the nearby contract dropping by 0.84 cents per pound, or 1.2%.*
- *Polyester intermediate prices have risen sharply in recent days, with purified terephthalic acid (PTA) seeing a substantial surge on Monday.*
- *The cotton market indicator fell by more than 100 yuan per metric ton on Tuesday alone, signaling a rapid acceleration in price declines.*
- *The cotton fiber and yarn markets in India experienced a relatively subdued performance over the past week, while polyester and viscose markets maintained their firmness.*
- *The prices of low-count yarns in Pakistan have returned to lower levels over the past week, further illustrating the current trajectory of the global yarn market.*
